

Bags out of old jeans

By the Special Needs Students from Collège Pasteur,
France

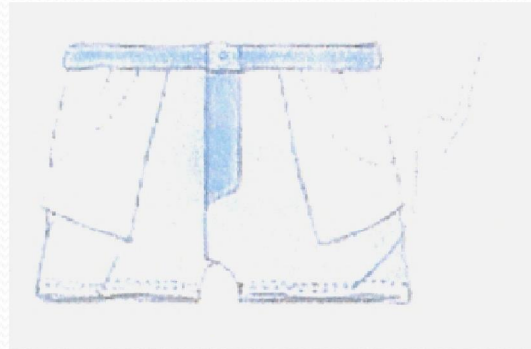

During their sewing lessons, the students from 3E have created bags out of old jeans ...

Cut the legs of old jeans ...

Turn the jeans inside out
and sew the legs ...

Cut a strap in one of
the legs, and sew it to
the bag ...

The students have used old blouses for lining.

Collège Pasteur, France, March 2014.
